2. MEMBERSHIP CATEGORY

There are three types of membership available: builder, associate and affiliate. Please choose the appropriate member type below to get started on your application.

Builder: These companies do hands-on construction work, whether it is building homes, doing remodels or commercial building. Membership cost for a builder member is \$390 a year starting from the date you sign up.

Associate: These companies include any company not technically "building." That would include anything from electricians and plumbers to mortgage companies to suppliers. Membership cost for an associate member is \$390 a year starting from the date you sign up.

Affiliate: These members are employees of a current member company (builder or associate) who wish to be listed individually and receive their own correspondence from the association. This membership is great for real estate agents whose brokerage is a member or companies with multiple branches or individual sales people, for example. Membership cost for an affiliate member is \$30 a year starting from the date you sign up as long as your primary member company remains in good standing.

 BUILDER ASSOCIATE AFFILIATE

Completion of this application and payment of dues does not automatically guarantee acceptance as a member. All applications for membership are reviewed at the next regular meeting of the Board of Directors of the Minot Association of Builders. Please allow up to 60 days for initial approval and set-up.

I agree to abide by the Bylaws and Code of Ethics of the Minot Association of Builders (MAB), the North Dakota Association of Builders (NDAB) and the National Association of Home Builders (NAHB). I have enclosed the first year's membership dues. Applicant hereby authorizes MAB to conduct normal inquiries of applicant's activities and make such inquiries to determine stability and record of dealing with buyers, suppliers, subcontractors and references.
